- 

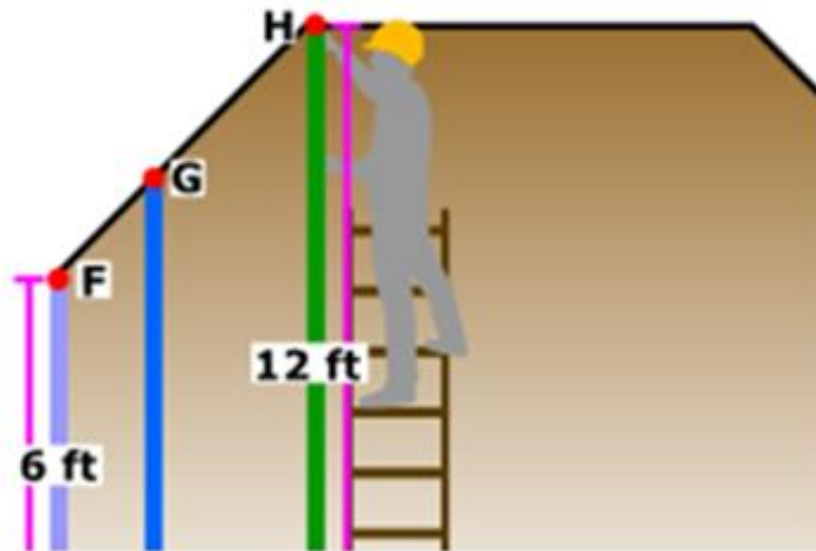

CTE's Role in the Shift to College and Career Readiness

- ▶ Profound changes in:
 - assessment
 - instructional practice

Smarter Balanced Test Question

A construction worker is using wooden beams to reinforce the back wall of a room.

Determine the height, in feet, of the beam that ends at point G.

Explain how you found your answer.

How do we shift an entire system away from multiple choice “right answers” to 21st century skills?
