BOARD OF TRUSTEES "INSTANT REPLAY"

No. 11

April 11, 2014

The Board of Trustees met for their regularly scheduled meeting on April 11, 2014, in the boardroom at the Coastline Regional Occupational Program/Paul E. Snyder Administrative Center.

Tim Chambers, Instructor of Automotive Technology at Laguna Hills High School, presented to the board on Restoration 66: Connecting Students with Cars, History, Family and Community. With the help of a \$10,000 grant from the Collectors Foundation, he has involved 110 high school students in the restoration of a 1966 Ford F-100 truck. They not only learn about automobiles in this project but also engage family and community members through conversations and interviews around historic vehicles and the role those vehicles play in American history and culture.

James McDuffie, Instructor for Fire Science 101, was recognized by the board for being selected by the Veterans of Foreign Wars as their EMT of the Year and also as the recipient of the National EMT of the Year Award.

Jeanne Bennett reviewed the 2012-2013 Coastline ROP Follow-up Survey results with the board members. According to the survey, 80% of ROP students were enrolled in postsecondary education six months after they graduated.

The Board approved the following items:
